Social Media

Here is some worthwhile advice regarding parental supervision of young people using social media from the Department's website. "Social networking can be a lot of fun, but can carry risks, especially for children and young people.

Many social networking sites have age restrictions (usually 13 years) and it is important for parents to understand the site's Terms and Conditions of Use. There is a valid and legal reason for online rules."

For further information how best to support and protect your child please visit the link below for a range of strategies and resources.
