CELEBRATING OUR ES STAFF

The staff stealthily organised a surprise lunch to celebrate the fantastic efforts of our ES staff. They do an absolutely outstanding job every single day and they are of great support to the teaching staff on so many levels. I cannot emphasise how lucky we are, as a school and community, to have ES staff that are so dedicated to making a difference. Thank you!

PARENTS & FRIENDS MEETING

On Wednesday night a very small, but dedicated group of parents met to talk about funding raising ideas to support our students. Even though small in number there was a huge range of ideas discussed during the night. It would be great to see more people (they can be friends...don't have to be parents/carers!) attend these meetings to raise funds for opportunities for our students. They have Webex as an option too! **A huge THANK YOU to those who did attend!**

THE JOYS OF P-12 LEARNING!

On Thursday the VCAL class teamed up with the Grade 2/3 class to make some coconut balls. It was great to see the students from the senior and junior sections work so well together.

BUILDING WORKS - UPDATE #11 2022

This week there were no meetings. The architects did send through some different options for the Covered Outdoor Learning Area (COLA)

COVID UPDATE

From next Monday the Department only requires students and staff showing symptoms take RAT tests. The school will still be providing RAT tests to families on a on-demand basis for the rest of this term.

Please continue to social distance and use masks if you need. This is a team effort where working together will ensure the best possible protection against the disease.

Close contacts of positive cases no longer need to isolate at home BUT must wear masks at school and RAT test 5 out of the next 7 days.

Thanks to all students, parents and staff who continue to support the school in our endeavour to provide the safest possible environment.
